

# Syed Shazeedul Islam

## Software Developer

Software developers simplify complex everyday tasks by creating innovative solutions. They bridge the gap between people and digital technology, making it more accessible. Our focus is on delivering exceptional quality and cutting-edge technology, ensuring safety and efficiency. As Sir Martin Fowler famously said, "Writing code for computers is easy; great programmers write code that humans can understand."

## Education

2022 - Current

### B.Sc. in CSE

Southeast University

2018 - 2021

### Diploma in Engineering in Computer

Magura Polytechnic Institute

2016 - 2017

### Secondary School Certificate

St. Joseph School & Collage

## Expertise

- NextJs, NuxtJs
- Docker
- MySQL, MongoDB, PostgresQL
- PHP, Laravel
- Node, NestJs
- GoLang

## Certificate

- SCRUM Fundamental

## Language

English

Bengli

## Experience

### September 2025 - Present

OrangeBD | Dhaka | Bangladesh

#### Software Engineer

- Developed and optimized database structures with Laravel's Eloquent ORM, improving query performance by 25%.
- Built and blended over 10 RESTful APIs, enhancing application functionality and enabling seamless third-party integrations.
- Guided performance optimization efforts that reduced load times by 40%, improving user retention.
- Node.js and NestJS developer skilled at building robust APIs, simple data layers, and clear code that scales easily. Enjoys solving backend problems with calm, structured thinking.

### January 2025 - August 2025

Interactive Lab | Italy

#### Full-stack Developer

- Designed, developed, and merged over 10 RESTful APIs, significantly enhancing the functionality of applications and enabling seamless third-party integrations.
- Collaborated with cross-functional teams to define requirements, troubleshoot issues, and ensure high-quality code delivery.
- Streamlined API performance, ensuring scalability and security across multiple applications.

### 2022 - 2025

BDTASK Ltd. | Dhaka | Bangladesh

#### Back-end Developer

- Developed and implemented scalable web applications using the Laravel PHP framework, increasing development efficiency by 30%.
- Developed and enhanced database structures with Laravel's Eloquent ORM, improving query performance by 25%.
- Built and integrated over 10 RESTful APIs, enhancing application functionality and enabling seamless third-party integrations.
- Collaborated with front-end teams to improve UI/UX, leading to a 20% increase in user satisfaction based on client feedback.
- Led performance optimization efforts that reduced load times by 40%, improving user retention.

### 2021 - 2022

BDTASK Ltd. | Dhaka | Bangladesh

#### Web development (intern)

- Gained hands-on experience in developing and maintaining responsive web applications, contributing to the completion of 3+ projects during the internship.
- Collaborated with a team of 3+ developers to design and implement responsive websites, ensuring an improved user experience across multiple devices.
- Enhanced web development skills by working with HTML, CSS, JavaScript, and other web technologies, achieving a 15% increase in personal coding productivity.
- Actively contributed to project development, reducing bug reports by 20% through thorough testing and problem-solving.

## Key Projects

- ERP System
- Campus Management
- E-Governance Platform
- SASS base POS project
